SUPPORTER COLLECTION 2009/10

## FULHAM FOOTBALL CLUB

Fulham is the oldest of London's first class clubs and its long history began back in 1879 with some Sunday-school boys knocking a ball around on a long-forgotten park pitch.

The Club's history has, at times, been a genuine "Who's Who" of football folklore and the roll call underpins the achievement of the Club through the years.

130 years after the Club's creation, Craven Cottage still provides an intimate environment, with deeply rooted family values, history and tradition.

As part of the most prestigious league in world football, Fulham are looking ahead to a successful future in the Premier League and have qualified for European competition in the 2009/10 season for the first time.

BrandCo have been appointed with effect from June 2009 to develop and distribute a complete range of Supporter apparel which reflects the values of Fulham FC and which are contemporary and commercial.

The apparel ranges cover men's, ladies and children's in the following categories;

- Classic – clean, simple products carrying the Fulham FC
- Heritage – modern contemporary designs incorporating the 1879 and classic logo
- Sport – to complement the on field look
- Event/Commemorative – Player and event products

Products will be available to retail from August 2009.
